Name : VH-P12 Portable Mini UHF RFID Reader for Smartphone

Product features

UHF RFID smartphone OTG rfid reader,

-Support Android OS.

-Micro/ Type C interface,

-Support read and write,

-Demo software for testing available.

-Application: Short range asset tracking system, jewelry tracking system etc.

Specifications

Product details

Basic Parameter	
Protocol	ISO18000-6C(EPC GEN2)
Work frequency	Standard 902~928MHz or 865~868MHz, customized optional
Work mode	FHSS
RF output	-2~18dBm with software adjustable
Read speed	Set by demo, single tag read <6ms for each 64bits
Read method	Type C USB or Micro USB
Data interface	Based on VANCH reader module VM-5GA
Read distance	0.2 meter (depend on tag performance)

Tag reading indicator	LED
Antenna type	Built-in miniature circular polarization antenna
Power supply	Smartphone OTG
Unit Dimension	66mm×33mm×5mm
N.W.	0.12 Kg
Work temp.	-20℃~+80℃
